Narasaraopet, Andhra Pradesh

SUMMARY

Enthusiastic and self-motivated B.Tech student with a strong interest in web development and programming. Possesses foundational knowledge in HTML, CSS, and Python along with problem-solving abilities and effective communication skills. Eager to learn new technologies and contribute effectively to a growth-oriented organization.

EDUCATION

• RGUKT-ONG <i>Bachelor of Technology</i>	Andhra Pradesh, India 2023 – Present
• RGUKT-ONG <i>Intermediate (Percentage: 90%)</i>	Andhra Pradesh, India 2021 – 2023
• AP Model School, Vipparla Reddypalem <i>SSC (Percentage: 99%)</i>	Andhra Pradesh, India 2018 – 2020

SKILLS SUMMARY

Languages	HTML, CSS, Python
Concepts	Basic Web Development, Programming Fundamentals
Tools	VS Code, Git (Basic)
Soft Skills	Communication, Problem Solving, Self-Motivated

PROJECTS

- **Personal Portfolio Website:** Designed and developed a responsive personal portfolio website using HTML and CSS to showcase academic background, technical skills, projects, and contact information. Focused on creating a clean user interface, structured navigation, and mobile-friendly layouts to enhance accessibility and user experience.
- **Evenz: Event Planning Mobile Application:** Developed a cross-platform mobile application using Flutter for planning and managing events such as farewells, engagements, and graduation celebrations. Implemented customizable event packages, allowing users to select services including decoration, photography, catering, and music. Integrated Provider state management to handle cart functionality, maintain selected services, and dynamically calculate total event costs.
- **SoulSync: Emotion Analysis System:** Designed and developed a concept-based emotion analysis system aimed at understanding user emotional states through digital interactions and machine learning techniques. Explored emotion classification approaches, data processing workflows, and result visualization methods to provide meaningful insights into emotional well-being and promote self-awareness.
- **Rock Paper Scissors Game:** Built an interactive Rock Paper Scissors game using programming fundamentals and decision-making logic. Implemented random move generation for the computer opponent, score tracking mechanisms, and user-friendly gameplay features while strengthening problem-solving and algorithmic thinking skills.

LANGUAGES

- English
- Telugu

HOBBIES

- Reading Books
- Drawing

CERTIFICATIONS

- **AI for Students: Build Your Own Generative AI Model – NxtWave:** Completed a hands-on workshop focused on building and understanding generative AI models, gaining exposure to AI concepts and practical implementation.
- **Cloud Computing – NPTEL (Elite, Top 1%):** Successfully completed a 12-week NPTEL course with a consolidated score of 93%, securing a position in the top 1% among 27,000+ candidates.
- **Foundations of Deep Learning: Concepts and Applications – NPTEL:** Successfully completed a 12-week NPTEL course covering core deep learning concepts, neural networks, model training techniques, and real-world AI applications, securing a consolidated score of 58%.
- **Object Oriented System Development Using UML, Java and Patterns – NPTEL (Elite, Top 2%):** Successfully completed a 12-week NPTEL course focused on object-oriented analysis and design, UML modeling, Java programming, and software design patterns, earning Elite certification with a consolidated score of 84% and securing a position in the top 2% among 1,851 certified candidates.
